

STUDENT TRANSPORTATION SERVICES

The School Committee will provide transportation for all students.

Authorized bus stops will be located so as to load and unload students with the most safety allowed by road conditions. The distance between stops may vary according to safety factors. If possible, students will be loaded and unloaded so that it is not necessary for them to cross a main highway to reach their homes. The final decision regarding bus stops remains with the Superintendent and the School Committee.

Requests for bus stops, inconsistent with this policy shall be made in writing and submitted to the Superintendent.
