

**RETURN TO WORK AND LIGHT-DUTY ASSIGNMENTS**

School Union 69 believes that it is in the best interest of both the school system and employees who have suffered workplace injuries or illnesses to return to work environment as soon as possible. Further, Committees recognize the need for a program to effectively manages workers’ compensation costs throughout the system, while conserving its most valuable resources – the skills, knowledge and experience of its employees. To that end, the Committees support the establishment of a comprehensive return-to-work program, including temporary modified or “light work” assignments, whenever appropriate, to minimize lost time and facilitate an employee’s transition back to regular or full-time work.

Modified or light-duty assignments, including modified work schedules, will be designed to accommodate job restrictions specified by the health care provider or providers designated by the employer. Modified or light-duty assignments are intended to address short-term medical restrictions, and are not to be used as a means to establish new assignments or displace other employees.

The Superintendent or designee shall be responsible for developing administrative procedures to implement a return-to-work program, including provisions for monitoring of modified duty assignments by the employee’s supervisor, healthcare provider, the school system’s Workers’ Compensation Coordinator and the workers’ compensation insurance claims adjuster.
