Re: Principal's Report

1. Facilities/Maintenance:
 - a. During our power outage last week the generator was not available. We received a shutdown alarm three weeks ago and Cummings Northeast was contacted. I reached out to them twice between the original notification and last Friday's event. We were told it would be repaired last week, but that did not happen. We are on the schedule for Wednesday of this week.
 - b. The last 2 blocks for the west wall are on order and we hope to have that resolved very soon.
 - c. We had to replace our snow blower due to a seized engine.

2. Parent Teacher Conferences:
 - a. Our conferences are scheduled to take place this week. Most conferences will take place between noon and 7 PM on Thursday, however, a number of teachers have scheduled conferences at other mutually convenient times over the next week.

3. Fall Sports:
 - a. Our soccer team was crowned co-champions after battling to a 1-1 tie in the championship match.
